跨文化采访计划

1) 采访者情况 (1%)

姓名：冯冠玺

学号：15051415

家乡：河南

2) 被采访对象情况 (1%)

姓名：Jubayer Pantho(朱布)

家乡：孟加拉

3) 找到采访对象的途径 (1%)

One of my classmates is very outgoing. He made a lot of foreign friends. So I ask for his help. And he introduced Jubayer to me.

4) 选择采访对象的原因 (2%)

At first, he is a foreign man. And he is from Bangladesh. It's different from America. We know and accept a lot of American culture. But we Chinese people know little about Bangladesh. So it will be more interesting.

5) 拟采访方式 (1%)

Online communication.

6) 拟采访主题 (4%)

Top five things you like and dislike in China.

The reason why I choose the topic is that it can help interviewee show their social values as much as possible.

7) 在采访前对采访对象和采访话题的预期 (pre-assumption) (10%)

Before the communication, I especially searched for some information on the Internet. I found that Bangladesh is known as "one of the world's least developed nations". So, in my eyes, as for culture shock, he would talk about the high-speed train, the bike sharing, the wonderful education facilities and so on.

And the top five things he dislikes may be the crowded cities, the noisy restaurants (we Chinese like to talk in Chinese restaurants). I can not think out more. It's really difficult for a Chinese man to talk about disadvantages in China.
